

February 26, 2021

Dear Parents/Caregivers:

The pandemic seems to finally be moving in a hopeful direction. This allows us to begin implementing our plans for a gradual, phased approach to bringing options for instruction back to campus. Because there are still significant COVID transmission concerns, we will be following a plan that prioritizes safety first and allows a return to distance learning if warranted. We know that many of you have had a very difficult year and are more than eager to have your students return. Please know that our teachers and staff are equally excited to see students on campus again. We ask for your continued patience as this process will take time. A few details that will help you understand our planning priorities:

- Return to campus will target school program first. There are no immediate plans for regional centers to approve on-campus adult day programming (updates as we receive them)
- On campus activities will start with only a very few students in each room (2-4)
- Classrooms will be opened systematically (see table below)
- Until staff have had the opportunity to be vaccinated and have been given the requisite time to build immunity, we will be asking for staffing on a voluntary basis, limiting the number of students we can serve on campus in the near term
 - Due to the complicated nature of keeping all safe, factors such as health vulnerabilities, ability to follow safety precautions, family situation, transportation, etc. must all be considered as we gradually bring students back to campus
 - As staffing becomes available, our administrative team will be contacting you to discuss your family/student situation
- On campus options will be offered on a modified schedule running Monday-Thursday, 8:55-1:00. All other programming will be offered in a distance learning format
- At this time, we believe distance learning will continue to be a full-time option through the summer

Below, please find a tentative schedule. We will be updating this schedule as information becomes available. We predict that information will be changing on a weekly basis. Please check in on our parent info tab of the website: morgancenter.org

Sincerely,

Brad Boardman
Executive Director

Dates	Action	Personnel/Materials
<u>Feb 22: Completed</u>	Pilot Return/Refine Hybrid	Secured Volunteer Staff
<u>Feb 24: Completed</u>	Vaccine Training for Staff	Priya-Pandya Orozco
March 8	Addition of 3rd Classroom	Volunteers TBD
March 15- April 5	Addition of 1 class/week	Volunteers TBD
Ongoing	Adding students as able	Volunteers TBD
Adult Program	TBD	TBD
