Morgan Autism Center provides multiple opportunities for parental involvement. Parents are contacted daily by classroom teachers via notebook, phone, or email to discuss pertinent daily updates and ongoing programming decisions. This daily communication and parental involvement is one of the hallmarks of our program and is often necessary to provide consistency for our students across the school and home environments. Teachers and support staff (SLPs, OTs) are available for individual meetings as needed. In addition to IEP development and daily communications with teachers, Morgan Autism Center supports parent groups, family activities, and school events. Morgan Autism Center has an active Parent Group. Meetings are held monthly and are facilitated by the parent volunteers. Morgan Autism Center administrators may attend to answer questions, provide support and resources, and plan “all school” activities. All of the above are intended to provide a sense of community for our parents. Morgan Autism Center operates under an open-door policy. Parents are encouraged to visit classrooms and provide input.
